MARYVILLE, MISSOURI, TUESDAY, AUG. 29, 1911.

NO. 74.

ORIGIN OF THE NAME

THE NODAWAY RIVER NAMED BY
TRIBE OF ALGONQUIN INDIANS.

MEANS SNAKE OR ENEMY

Minnesota Man Well Versed in Early
Indian Lore Tells of Other
Streams.

The following letter was published
in the Clarinda Journal of a recent
issue about the name Nodaway:

Editors Clarinda Journal: It is
quite certain that the Nodaway river
was originally named by some tribe
of the former great nation of Algon-
quin Indians, probably the Illinois, or
"Ill." The Algonquins were at one
time between the Delaware and Mis-
sissippi rivers, and the name Noda-
way was in the dialect of every tribe
of the nation. The Chippewas or Ojib-
was still use it, pronouncing it Nod-
away.

Nodaway means a snake, and also
an enemy. The name of the stream
probably means Snake river. There
are various forms of the name. There
is a stream in Ontario called Noddo-
way and one in Virginia called Notto-
way.

An old law of Missouri designated
the Iowa stream as the "Nidiwa,"
which in Sac and Fox means "hear-
say," but a 1797 map of Missouri and
Lewis and Clark's map call it Nod-
away.

The Chippewas called the tribe to
the west of them "Naw-do-day-soos,"
meaning "our enemies," "Nau-do-way-
sioux," which was finally contracted
to Sioux.

The Nishnabotna was originally
called "Mich-ina-bot-tana," which
means "where we make canoes." Mit-
chi, missi, and nitche are forms of
the Algonquin word for canoe. Mis-
sissippi means wooden canoe. Mit-
chi-goema and missi goema mean a birch
bark canoe.

Nodaway ought not be pronounced
Nodawa, and, according to the origi-
nal, Iowa should be pronounced
Ioway. The Indians so pronounce the
word and all the early writers so
wrote it.

IT WAS THEIR FIRST VISIT TO MARYVILLE

Mr. and Mrs. M. L. Griggs, who
live near Guilford, spent Monday af-
ternoon in Maryville. They have
lived near Guilford for twenty-one
years and this was their first visit to
the county seat. They took an auto-
mobile ride all over town, visited the
State Normal building and other pub-
lic buildings to see if Maryville really
is as beautiful as is claimed by the
papers and everybody who visited
here, and they are more than satisfied
with their trip. They said: "We are
proud of Maryville and we are coming
again as soon as we can spare the
time." Mr. and Mrs. Griggs are known
through the section of country in
which they live as the "sorghum
makers of Bristle Ridge."

Clarence Warren fell out of the
Dietz & Keck tailor shop Tuesday
morning about 10 o'clock, to the pave-
ment below. Outside of a sprained
wrist he was not injured. Young War-
ren was washing windows for Dietz &
Keck and lost his balance, falling on
the awning in front of Petty's dry
goods store and then out on the street.

Miss Anna Linville and her brother,
Aaron Linville, of Skidmore came over
to Maryville on business Monday even-
ing in their car.

CHURCH OFFICIALS ASK REV. PARVIN'S RETURN

Rev. W. J. Parvin, pastor of the M.
E. church, South, left Tuesday for Co-
lumbia, Mo., to attend the annual
meeting of the conference.

At a meeting of the board of trust-
ees of the church Monday the annual
reports of the various departments of
the church's work were heard, and all
show the church is in good condition,
spiritually and financially. Every part
of the church's financial obligations are
paid or provided for, and it is the
earnest desire of the membership and
their friends that the successful lead-
ership under which they have worked
together may continue, by re-appoint-
ment of conference. The following
resolutions were unanimously adopted
by the board:

Whereas, We recognize a Divine in-
fluence in the circumstances which
have induced the appointing power of
our church to keep the Rev. W. J.
Parvin with us for three successive
years, and as a consequence thereof
greatly strengthened the church, both
spiritually and financially; and

Whereas, the Rev. W. J. Parvin has,
by courtesy and kindness, by purity
of life and doctrine, and by the faith-
ful discharge of every duty pertaining
to his holy calling, won the love and
esteem of his people and the confi-
dence of the entire community; there-
fore, be it

Resolved, That it is the sense of the
undersigned, his official board, that
the interests of our church are calling
for his return to us for the coming
conference year.

MAN DISAPPEARED FROM TRAIN NEAR BARNARD

The following was in Tuesday
morning's issue of the Creston Ameri-
can:

The train crew of the St. Joseph
branch had their hands full Saturday
night. Between the St. Joseph water
works and Amazonia the engineer
halted the train just in time to save
a gentleman farmer of the vicinity
from getting his head crushed. He
was peacefully reposing with his
head on a rail, sleeping off the effects
of the most joyful toot. The train
crew loaded him on board and took
him to Amazonia, but he seemed to
trifle peevish because of the long walk
home they had caused him.

Proceeding, they were nearing Bar-
nard when one of the passengers
bearing a ticket to Maryville arose
and most deliberately strolled off the
rapidly moving train. They stopped
as quickly as possible, but found only
his hat.

A search party was sent back from
Barnard and toured the country for
several miles, but up to date no trace
of him has been found. It is thought
the man was either well intoxicated or
he was slightly insane. It is evident
that he was not very much hurt, and
an organized search will undoubtedly
locate him without trouble.

Edward Tobin of DuQuen, Ark., left
Tuesday morning for Elmwood, Neb.,
where he will meet his wife and little
daughter, who are visiting her sister,
Mrs. William Jahn. They will return
soon to Arkansas.

Miss Rosalie Godfrey of Bolton,
Kan., who has been a visitor at the
home of Dr. and Mrs. J. S. Ford for
two weeks as the guest of Miss Gladys
Ford, left for her home Tuesday morn-
ing.

WILL BE IN MASONIC CEMETERY.

HER BROTHER WILL COME

Great Difficulty Was Experienced in
Locating Him, as He Was on
Road for House.

The funeral services of the late Mrs.
J. F. Kellogg of Skidmore, who was
fatally burned at her home at that
place Monday morning by a gasoline
stove explosion, will be held at the

will be conducted by Rev. C. H. Sauc-
man, assisted by Rev. W. H. Welton.
Interment will take place in Skid-
more Masonic cemetery.

The funeral services were delayed
because of the inability of a brother
of Mrs. Kellogg, Lee Chaddock, to ar-
rive in Skidmore before late Wednes-
day night. Mr. Chaddock is a travel-
ing salesman out of Kansas City. He
was located at Fredericksburg, Okla.,
in the southwest corner of his terri-
tory, Monday night.

Mrs. Kellogg was born in Oregon,
Mo., September 15, 1862. She is sur-
vived by her husband and son, Fred

the late Mrs. William Workman, who
died Monday afternoon at her home,
on East Seventh street, will occur at
11 o'clock Wednesday forenoon at
Workman chapel, eleven miles north-
west of Maryville.

A brief funeral service will be held
at the Workman house, on East Sev-

the family may attend who cannot go
to Workman chapel.

Mrs. Margaret Weaver Workman
was born seventy-three years ago the
17th of February last, in Green coun-
ty, Indiana. She came to Nodaway
county when quite young with her
parents, Mr. and Mrs. Joshua Weaver,
who were close friends of the parents
of her husband, all of whom came to
Nodaway county at the same time
from the same locality in Indiana.
When 18 years old she was married to
William Workman. Two children were
born to them. The oldest child died in
infancy. The second child, Elizabeth,
is the wife of John G. Thornhill of
this city.

Mrs. Workman was a quiet home-
loving woman. She espoused the faith
of the Adventists early in life and re-
mained true to that faith.

Now that the dream of using the air ship in battle promises to become true, a new gun has been invented that will throw a shell 18,000 feet into the air. This will likely put the air ship out of business before it gets in as a factor in army affairs.

Senator Lorimer is also denouncing the recall. He is likewise opposed to the direct election of United States senators, fearing that the people in their enthusiasm might let some objectionable characters get into his august presence.

According to Mr. Taft's view the difference is this: When Aldrich passes a tariff bill, that is "revision;" when the Democrats and insurgent Republicans pass a tariff bill that is tariff "tinkering." Since he was elected on a "revision" platform he must necessarily veto all other bills.

Philadelphia, the good old city of brotherly graft, has gotten so bad that even Senator Penrose has repudiated the machine candidate of the Republicans for mayor. When the successor of Quay turns down a machine candidate and asks for a better nomination there is no use to deny that the world is getting better.

In Mr. Taft's keynote speech delivered in Massachusetts Saturday he praised the Democrats in congress for helping to pass his reciprocity bill, which, he says, they did without playing politics, but in passing all other tariff bills which he did not have the honor to draw he sees a disposition to play politics of the worst kind.

POLITICAL NOTES.

(By Democratic Publicity Bureau.) Just now the Republican papers are busy naming the new capitol commissioners. It is safe to say that there is absolutely no truth in their dope sheet. The board whose duty it is to name the four commissioners has never had a meeting for that purpose and will not until Judge Cowgill returns to Missouri. The personnel of the commission has not been decided upon and will not be in advance of a regular meeting of the board called for that purpose. It is safe to assume that when the commissioners are named, they will be men of such high standing that their character will be a guarantee to the people of the state that the new capitol will be built free of graft.

The Democratic party can now do a little "pointing with pride." The record of congress has never been surpassed for excellency in the history of the republic.

Joe Cannon speaks of the progress of the Republican party in Illinois. Yes, there has been progress, all right, all right. From Lincoln to Lorimer is "going some" we must admit.

Lord, amid all the distractions which pester us Democrats, do not let us forget that the supreme duty we owe to humanity is to unite in one terrible effort to annihilate the depraved and devilish Republican party.

Mrs. Katharine Kraus and her granddaughter, Miss Katharine Kuchs, have returned from a two months' visit with relatives and friends in Kansas City, and in points in Nebraska and Kansas.

Base Ball at Harmony.

An exciting and intensely interesting game of base ball was played at Harmony Saturday, August 26, between the young men and married men of that community.

The game was witnessed by a very enthusiastic bunch of rooters. Everybody was noisy, especially Ova Hefflin and Harry Lewis.

R. Lewis tossed the pill for the boys the first six innings and was relieved by his brother, Whirlwind Emmett, who held the old farmers to one hit in three innings.

B. Edwards pitched for the men, and by his wonderful curves held the boys to only twenty-five hits in six innings, when long Johnnie Green jumped in the box and the hits were too numerous to mention.

One hit especially sent the little sphere somewhere out of sight, and while the men were chasing grasshoppers out in the field they forgot to look for "flies," and while they were trying to locate the little ball Nute Moore was circumnavigating the diamond at a rate that would make the twentieth century limited look like the slow train through Arkansas.

Laying all jokes aside and not saying anything about the errors, it was a good game, and whenever the old gentlemen want to play ball with the boys, tell them to call around.

Rev. G. R. Green was umpire, and he is still liked by the young men. The line-up:

Young men—H. Lewis, catcher; R. and E. Lewis, pitchers; H. Johnson, left field; G. Moore, right field; G. Craven, center field; D. Rhodes, shortstop; N. Moore, first base; A. Hunt, second base; R. and E. Lewis, third base.

Old men—M. Moore, catcher; Edwards and Green, pitchers; G. David, left field; B. McKee, right field; F. Buck, center field; Edwards and Green, shortstop; L. Casteel, first base; L. Murry, second base; E. Martin, third base.

Score by innings:
Old men.....132113001—12
Young men.....30302151*—15

Sleep With Bare Skin.

"The physiological ideal of sleeping is with a bare skin," writes Dr. William Lee Howard in Munsey's Magazine. "The bed clothes offer a sufficient covering for comfort, and do not stick to the skin and thereby remain as a sodden garment. When rolling over in bed, nature's way of giving every portion of the skin's surface a chance to breathe, they do not roll with the body. In the ordinary night clothing, every time you turn you simply carry the covering with you, thereby depriving the skin of its full breathing opportunities. For the same reason you should never allow sodden underwear to remain next to the skin. Night clothes, in particular, should be loose and baggy."

Empire Theater to Open Saturday with "Billy," a Shubert Success

For the first time out of New York "Billy," the three-act farce which furnished Manhattan with much of its amusement during the past summer, when the play was housed at Daly's theater, will be seen at the Empire theater next Saturday evening, September 2. This is the opening attraction for

the theatrical season of the Empire theater.

"Billy" is by George Cameron, and the tour is under the direction of the Messrs. Shubert. The plot centers about four false teeth which are worn by "Billy," a football hero, who takes passage aboard the steamship Florida. There he unexpectedly meets Beatrice Sloane, his sweetheart, and

while in the act of proposing to her he inadvertently loses his "tombstones." It takes three acts to straighten out the complications arising from the mishap. Finally the missing incisors are restored to their owner and Billy and Beatrice are brought together again. Frank G. King will be seen as Billy and Chic Perkins as Billy's sister, together with fifteen others.

GOOD LIVER REMEDY FREE

When you suffer from any form of indigestion it is always well to take something for the liver, as usually the trouble lies there. If you are bilious, have a bloated feeling after eating, if you belch, if your skin is yellowish you may be sure it is liver trouble. What you need is something to stir up the liver, to arouse the gastric juices so that they will aid in the digestion of your food. A very good remedy for this, and one highly recommended by those who have used it, is Dr. Caldwell's Syrup Pepsin, which you can obtain of any druggist at fifty cents or one dollar a bottle. But if you have any doubt about its merits, and would prefer to try it first, send your address to Dr. Caldwell and he will promptly send you a free sample bottle.

Thousands of people first learned of this remarkable cure for stomach, liver and bowel troubles through a free sample. Mrs. Frank Lilly of Plainview, Ill., sent for one and it cured her and she is open in saying that she will never take pills or strong cathartics again, as Syrup Pepsin acts so mildly. Mr. W. L. Bryant, the Postmaster at Sardis, Tenn., says he will never be without it again. No sick person can afford to ignore a remedy so highly endorsed as this. It is good for all the family from infancy to old age, because it is mild, free from griping and yet promptly effective. Furthermore, results are absolutely guaranteed or money will be refunded.

For the free sample address Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

GEIDEL DEFENSE IS OUTLINED

Accused Bellboy Says Broker Died of Hemorrhage.

STUFFED TOWEL IN HIS MOUTH

Went to Room to Collect Money Due Him—Aged Man Awakened While Boy Was Going Through Pockets, Became Excited and Collapsed.

New York, Aug. 29.—Counsel for Paul M. Geidel, the bellboy accused of the murder of William L. Jackson, a broker, at the Iroquois hotel, opened the defense with three motions, the first of which was to compel the district attorney to state on which of the two counts of the indictment he rested the case. The first count, premeditated murder, was selected. The second charges murder in the commission of a felony. Two formal motions to strike from the record the alleged confession and to quash the indictment was overruled.

On suggestion of the defense the jury will inspect the scene of the crime, but not until the defense shall have rested its case.

In the opening address, counsel declared that Geidel visited Mr. Jackson's room to collect money alleged

to be due him, that Mr. Jackson was in bed and that after the two had talked for some time Mr. Jackson went, or pretended to go, to sleep. Paul then went through the broker's pockets, counsel said, and Mr. Jackson, awakening, became greatly excited, called the bellboy a thief and fell unconscious from a hemorrhage. Paul, to protect himself against an outcry, then stuffed the towel into the broker's mouth and fled undetected. He confessed, counsel said, to protect two innocent associates, who, he thought, were charged with the crime.

Geidel took the stand after the examination of two minor witnesses. The boy said he was seventeen years of age. His father died when he was five, he continued, and at seven he was put in an orphanage, where he stayed two years. At fourteen he went to work in a drug store.

Later he got his experience as a bellboy. "I was discharged from that hotel about a year and a half ago," said Geidel, "for lying. I took a drink of whisky and lied to keep another boy out of it."

After this the defendant said he came to New York, joined the Young Men's Christian association and got work at the Hotel Iroquois, where Jackson was staying.

PAUL BEATTIE TELLS ALL

Cousin Gives Sensational Testimony Which He Had Withheld Before.

Chesterfield, Va., Aug. 29.—Paul D. Beattie, cousin of Henry Clay Beattie, Jr., who stands indicted for the murder of his wife, testified that the accused had told him twenty-four hours after the murder how sorry he was he "had done it," a circumstance relating to the crime that the witness hitherto had suppressed.

Coming as dramatically as an expected as the pathetic tale an hour before of Mrs. R. V. Owen, mother of the dead woman, as to the domestic infelicity of her daughter, due to the husband's disease, the brief but thrilling testimony given by Paul Beattie created a profound sensation.

"I hated to testify against my own flesh and kin," he murmured, as the muscles of his throat pulsed, "but my wife, my child and the duty I owe to my city forced me to do so."

"Henry himself told me that he wanted me to stick to him, but I said to him: 'This looks mighty black to me and you've got me into a lot of trouble.' Henry told me: 'I wish to God I had not done it; I would not have done it for a million dollars, but she never loved me; she only married me for my money.'"

KORSHAK IS ARRAIGNED

Case of Alleged Head of Arson Trust Is Continued.

Chicago, Aug. 29.—David Korshak, alleged head of an arson ring which is said to have set fire to fifty buildings in Chicago during the last year, causing a property loss of \$1,000,000, was arraigned before Municipal Judge Dickler, charged with arson and conspiracy, and the case continued until Sept. 26.

Max Felschmidt, Israel Schaeffner and Ellis Dubenstein, charged with arson in connection with the alleged conspiracy, also were arraigned and their cases set for hearing Sept. 14.

The police are still searching for Benjamin F. Fink, said to be an official of the Northwestern Can company, and a former policeman, who are alleged to have been implicated in an incendiary fire, causing a loss of \$200,000.

Daniel Perry, a brother-in-law of Charles Bloom recently arrested in connection with a fire which destroyed his store in South State street, surrendered himself to the police.

Seven men have been arrested thus far on information given the police by David Korshak and others.

ADMIRAL TOGO SAILS FOR HOME

Japanese Naval Hero Pays Farewell Visit in Seattle.

Seattle, Aug. 29.—Admiral Count Togo sailed for Japan this morning. He arrived here from Vancouver, B. C., to pay his farewell visit in the United States. He was informally welcomed at the station by committees from the civic organizations and hurried with his party directly to a hotel.

The only opportunity the public had to see the Japanese naval hero was during his trip to the city hall to call on Mayor Dilling. The admiral's countrymen took advantage of the chance and the streets were lined with Seattle Japanese residents.

Admiral Togo lunched as the guest of the chamber of commerce and last night attended a banquet in his honor. Owing to his continued indisposition, the scheduled address to his countrymen was abandoned at the admiral's request. He did not wish to overtax his strength.

ASKS PRAYERS TO MOVE CZAR

MacArthur has issued a circular letter to Baptist clergymen and editors calling upon them to ask for the observance of a week of prayer, beginning Sunday, Sept. 10, for evangelistic work in Russia and Moravia. He says in part: "Let the churches observe the week as a time of special prayer that God may open the heart of the czar to permit the establishment of the proposed Baptist college in St. Petersburg, and that God may induce the czar to grant larger measures of civil and religious liberty to Jews and to all others in his vast empire."

PIANO PUBLICITY

By W. A. Lippman
Signed Advertisements

A new principle in advertising welcomed by all honest and careful advertisers is the signed advertisement.

You will quickly comprehend that a man will be more careful of his statements about his goods if his name is signed to the ad—will make no promises he cannot fulfill.

Printed Lie Lives Forever

The man who writes a lie into an AD and signs it might as well retire from business. A spoken lie is often forgotten—a printed lie lives forever.

You can read the signed AD with the same confidence that you would a personal letter—they are very similar—they carry the same sense of responsibility.

That sense of responsibility is what I want to impress upon your mind—as applied to the Field-Lippman store—and to these ADS.

Every Ad Signed

I shall sign every AD so that you will know that I am personally responsible for every statement made.

I am going to talk to my Maryville friends once a week—sometimes more frequently—about our new piano store—our pianos, player pianos, and talking machines, also our method of doing business.

Player Piano Talk

The first talk will be about player pianos—the marvelous 20th century invention that has released mankind from the necessity of spending a lifetime in the study of piano music.

Regarded in the beginning as a toy or fad, the modern player piano is now recognized as the most powerful single agency in the development of the musical taste of the American people.

Musical Education

Unnecessary

I know it seems incredible to say that it is possible for any person without musical education to play with the finish and art of a trained pianist—yet

this is undoubtedly true—it happens daily.

I do not claim that any one can do this at once—but from the beginning even the person without musical education can play acceptably—and with experience (not tiresome practice) will be able to render even the most classical compositions in a manner to compare with the professional pianist.

To elderly music lovers who have for any reason been deprived of a musical education, the modern player comes as an unexpected boon. It makes them independent of the caprices or whims of the family pianist, and places at their disposal the accumulated musical treasures of the ages.

It Plays Correctly

As an educator the modern player piano has no equal. It teaches the pupil how to play the composition CORRECTLY—it remains for him to supply the expression.

Gives to Music

Your Expression

The expression you obtain from a piece represents your musical thoughts, and here is where the modern player piano shows to the greatest advantage—it does the mechanical work—the fingering, permitting the performer's entire attention to be given to expression.

Must be Regarded

Seriously

I have endeavored in this short talk to impress upon you that the modern player piano is not a passing fancy, that it fills a long felt want in supplying music of the first class to people who cannot play by hand, that as an educator and creator of musical taste it is a distinct advance and that it must be regarded seriously as an important factor in musical circles.

My next paper will describe some constructional features of the modern player piano—that will prove both entertaining and instructive. Watch both papers next Friday.

Sincerely yours,

W. A. LIPPMAN, Sec. Treas.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

FEDERAL BUILDINGS IN RUINS.

Harbor Is Filled With Wreckage of Small Boats—Wind Reaches Velocity of Ninety-four Miles an Hour. Tide Rises Eight Feet.

Charleston, S. C., Aug. 29.—Seven persons known to be dead, many injured and property damage estimated at more than \$1,000,000 is the result of the storm which struck Charleston, isolating that city from the rest of the world.

Following are the dead: W. H. Smith, Columbia, drowned under falling wharf; Motorman Cutter, drowned; Ida Robinson, crushed by roof; Rosa Robinson, crushed by roof; Alonzo J. Coburn, engineer, killed by flying timber; Eva Myers, drowned; Tom Dooley, drowned.

In addition to the above, all the members of the Cassidy family, caretakers at the Wahoo phosphate works, are missing and are believed to have been drowned.

Wreckage Fills Harbor.
The harbor is filled with wreckage of small boats, schooners and launches, many piers are washed away and in the city the streets are strewn with fallen trees, roofs, fences and other debris.

Among the principal buildings damaged are the customs house, postoffice, St. Michael's church and the Wahoo fertilizer mills, which practically were ruined. The street car, electric, telephone and fire-alarm systems are out of commission.

All trains are leaving the city from an old depot, the floors of the new station and the tracks being under water. At the height of the storm the wind reached a velocity of ninety-four miles an hour, while the tide rose eight feet at the Battery in front of the city.

Storm Passes Savannah.

Savannah, Ga., Aug. 29.—The storm which began along the south Atlantic coast spent its fury soon after day-break. Great damage was done with in the city, but apparently little harm was done to shipping in Savannah harbor, ample warning of the storm's approach having been given ship masters by the weather bureau to make their vessels safe. The streets are filled with debris, consisting principally of uprooted trees. The cotton crop within a radius of fifty miles of Savannah undoubtedly has suffered severe damage.

SHOPMEN READY TO STRIKE

Recognition of Federation Will Be Insisted Upon.

Chicago, Aug. 29.—The expected conference between officials of the Illinois Central railroad and representatives of the federated shop employees, who threatened to strike unless their organization is recognized by the railroads was postponed until tomorrow.

Whether thousands of shopmen employed by the Illinois Central railroad will strike or remain at work will be forecasted, it is said, by the outcome of this conference.

The labor leaders say they will insist that the railroads recognize the recently organized federated body of shopmen, which includes every craft in the mechanical department.

The railroad officials have been dealing with the individual unions and do not desire to change this method of conference.

Rev. Father Murphy Reinstated.

Lincoln, Aug. 29.—Rev. Father Murphy, pastor of the Catholic church at Wymore, Neb., who was excommunicated by the late Bishop Bonacum, has been reinstated by Bishop John Henry Tihen. Father Murphy applied for reinstatement and the matter was referred to the apostolic delegate in Washington by Bishop Tihen. The case was sent back to the bishop, with instructions to act upon his own judgment. After considering the evidence in the matter, Bishop Tihen announced the reinstatement of Father Murphy.

Big Wheat Crop in North Dakota.

Minneapolis, Aug. 29.—E. J. Weiser, a Fargo banker, sent to Frank E. Holton, a Minneapolis banker, an estimated report of the crop of North Dakota, in which he places the wheat production at 80,000,000 bushels—the greatest in the history of the state, except the crop of 1909.

Latta Is Now Beyond Critical Stage.

Rochester, Minn., Aug. 29.—Congressman J. P. Latta of Nebraska, who was operated upon for intestinal trouble, shows a marked improvement and it is thought he has passed the critical stage of his operation.

Summers, Millionaire, Is Dead.

Los Angeles, Aug. 29.—William Harvey Summers, a millionaire and a native of Upper Alton, Ill., who made his first money when a boy out here selling candy, is dead.

Aged Woman Commits Suicide.

Clinton, Ia., Aug. 29.—Mrs. Mary Bentrop, eighty-one years of age, committed suicide by hanging.

ORIGIN OF THE NAME

THE NODAWAY RIVER NAMED BY
TRIBE OF ALGONQUIN INDIANS.

MEANS SNAKE OR ENEMY

Minnesota Man Well Versed in Early
Indian Lore Tells of Other
Streams.

The following letter was published in the Clarinda Journal of a recent issue about the name Nodaway:

Editors Clarinda Journal: It is quite certain that the Nodaway river was originally named by some tribe of the former great nation of Algonquin Indians, probably the Illinois, or "Ill." The Algonquins were at one time between the Delaware and Mississippi rivers, and the name Nodaway was in the dialect of every tribe of the nation. The Chippewas or Ojibways still use it, pronouncing it Nodaway.

Nodaway means a snake, and also an enemy. The name of the stream probably means Snake river. There are various forms of the name. There is a stream in Ontario called Nodaway and one in Virginia called Nottoway.

An old law of Missouri designated the Iowa stream as the "Nidiwa," which in Sac and Fox means "hearsay;" but a 1797 map of Missouri and Lewis and Clark's map call it Nodaway.

The Chippewas called the tribe to the west of them "Naw-do-day-soos," meaning "our enemies," "Naw-do-way-sious," which was finally contracted to Sioux.

The Nishnabotna was originally called "Mich-ina-bot-tana," which means "where we make canoes." Mitchi, missi, and nitche are forms of the Algonquin word for canoe. Mississippi means wooden canoe. Mitchigoena and missi goena mean a birch bark canoe.

Nodaway ought not be pronounced Nodawa, and, according to the original, Iowa should be pronounced Ioway. The Indians so pronounce the word and all the early writers so wrote it.

IT WAS THEIR FIRST VISIT TO MARYVILLE

Mr. and Mrs. M. L. Griggs, who live near Guilford, spent Monday afternoon in Maryville. They have lived near Guilford for twenty-one years and this was their first visit to the county seat. They took an automobile ride all over town, visited the State Normal building and other public buildings to see if Maryville really is as beautiful as is claimed by the papers and everybody who visited here, and they are more than satisfied with their trip. They said: "We are proud of Maryville and we are coming again as soon as we can spare the time." Mr. and Mrs. Griggs are known through the section of country in which they live as the "sorghum makers of Bristle Ridge."

Clarence Warren fell out of the Dietz & Keck tailor shop Tuesday morning about 10 o'clock, to the pavement below. Outside of a sprained wrist he was not injured. Young Warren was washing windows for Dietz & Keck and lost his balance, falling on the awning in front of Petty's dry goods store and then out on the street.

Miss Anna Linville and her brother, Aaron Linville, of Skidmore came over to Maryville on business Monday evening in their car.

CHURCH OFFICIALS ASK REV. PARVIN'S RETURN

Rev. W. J. Parvin, pastor of the M. E. church, South, left Tuesday for Columbia, Mo., to attend the annual meeting of the conference.

At a meeting of the board of trustees of the church Monday the annual reports of the various departments of the church's work were heard, and all show the church is in good condition, spiritually and financially. Every part of the church's financial obligations are paid or provided for, and it is the earnest desire of the membership and their friends that the successful leadership under which they have worked together may continue, by re-appointment of conference. The following resolutions were unanimously adopted by the board:

Whereas, We recognize a Divine influence in the circumstances which have induced the appointing power of our church to keep the Rev. W. J. Parvin with us for three successive years, and as a consequence thereof greatly strengthened the church, both spiritually and financially; and

Whereas, the Rev. W. J. Parvin has, by courtesy and kindness, by purity of life and doctrine, and by the faithful discharge of every duty pertaining to his holy calling, won the love and esteem of his people and the confidence of the entire community; therefore, be it

Resolved, That it is the sense of the undersigned, his official board, that the interests of our church are calling for his return to us for the coming conference year.

MAN DISAPPEARED FROM TRAIN NEAR BARNARD

The following was in Tuesday morning's issue of the Creston American:

The train crew of the St. Joseph branch had their hands full Saturday night. Between the St. Joseph water works and Amazonia the engineer halted the train just in time to save a gentleman farmer of the vicinity from getting his head crushed. He was peacefully reposing with his head on a rail, sleeping off the effects of the most joyful toot. The train crew loaded him on board and took him to Amazonia, but he seemed to trifle peevish because of the long walk home they had caused him.

Proceeding, they were nearing Barnard when one of the passengers bearing a ticket to Maryville arose and most deliberately strolled off the rapidly moving train. They stopped as quickly as possible, but found only his hat.

A search party was sent back from Barnard and toured the country for several miles, but up to date no trace of him has been found. It is thought the man was either well intoxicated or he was slightly insane. It is evident that he was not very much hurt, and an organized search will undoubtedly locate him without trouble.

Edward Tobin of DuQuen, Ark., left Tuesday morning for Elmwood, Neb., where he will meet his wife and little daughter, who are visiting her sister, Mrs. William Jahn. They will return soon to Arkansas.

Miss Rosalie Godfrey of Helton, Kan., who has been a visitor at the home of Dr. and Mrs. J. S. Ford for two weeks as the guest of Miss Gladys Ford, left for her home Tuesday morning.

Great Difficulty Was Experienced in
Locating Him, as He Was on
Road for House.

The funeral services of the late Mrs. J. F. The services will be conducted by Rev. C. H. Sauceman, assisted by Rev. W. H. Welton. Interment will take place in Skidmore Masonic cemetery.

Mr. Chadduck is a traveling salesman out of Kansas City. He was located at Fredericksburg, Okla., in the southwest corner of his territory, Monday night.

Mrs. Kellogg was born in Oregon, Mo., September 15, 1862. She is survived by her husband and son, Fred Kellogg, and a brother and sister, Lee Chadduck of Kansas City and Mrs. Lulu Ryan of Skidmore.

Mrs. Schweitzer keeps her own home and does the cooking for her husband and two sons. Mr. Schweitzer is 83 years old, and he and Mrs. Schweitzer are fine, companionable people. Now that the dream of using the air ship in battle promises to become true, a new gun has been invented that will throw a shell 18,000 feet into the air. This will likely put the air ship out of business before it gets in as a factor in army affairs.

Senator Lorimer is also denouncing the recall. He is likewise opposed to the direct election of United States senators, fearing that the people in their enthusiasm might let some objectionable characters get into his august presence.

According to Mr. Taft's view the difference is this: When Aldrich passes a tariff bill, that is "revision;" when the Democrats and Insurgent Republicans pass a tariff bill that is tariff "tinkering." Since he was elected on a "revision" platform he must necessarily veto all other bills.

Philadelphia, the good old city of brotherly graft, has gotten so bad that even Senator Penrose has repudiated the machine candidate of the Republicans for mayor. When the successor of Quay turns down a machine candidate and asks for a better nomination there is no use to deny that the world is getting better.

In Mr. Taft's keynote speech delivered in Massachusetts Saturday he praised the Democrats in congress for helping to pass his reciprocity bill, which, he says, they did without playing politics, but in passing all other tariff bills which he did not have the honor to draw he sees a disposition to play politics of the worst kind.

POLITICAL NOTES.

(By Democratic Publicity Bureau.) Just now the Republican papers are busy naming the new capital commissioners. It is safe to say that there is absolutely no truth in their dope sheet. The board whose duty it is to name the four commissioners has never had a meeting for that purpose and will not until Judge Cowgill returns to Missouri. The personnel of the commission has not been decided upon and will not be in advance of a regular meeting of the board called for that purpose. It is safe to assume that when the commissioners are named, they will be men of such high standing that their character will be a guarantee to the people of the state that the new capital will be built free of graft.

The Democratic party can now do a little "pointing with pride." The record of congress has never been surpassed for excellency in the history of the republic.

Joe Cannon speaks of the progress of the Republican party in Illinois. Yes, there has been progress, all right, all right. From Lincoln to Lorimer is "going some" we must admit.

Lord, amid all the distractions which pester us Democrats, do not let us forget that the supreme duty we owe to humanity is to unite in one terrible effort to annihilate the depraved and devilish Republican party.

Base Ball at Harmony.

An exciting and intensely interesting game of base ball was played at Harmony Saturday, August 26, between the young men and married men of that community.

The game was witnessed by a very enthusiastic bunch of rooters. Everybody was noisy, especially Ova Hefflin and Harry Lewis.

R. Lewis tossed the pill for the boys the first six innings and was relieved by his brother, Whirlwind Emmett, who held the old farmers to one hit in three innings.

B. Edwards pitched for the men, and by his wonderful curves held the boys to only twenty-five hits in six innings, when long Johnnie Green jumped in the box and the hits were too numerous to mention.

One hit especially sent the little sphere somewhere out of sight, and while the men were chasing grasshoppers out in the field they forgot to look for "flies," and while they were trying to locate the little ball Nate Moore was circumnavigating the diamond at a rate that would make the twentieth century limited look like the slow train through Arkansas.

Laying all jokes aside and not saying anything about the errors, it was a good game, and whenever the old gentlemen want to play ball with the boys, tell them to call around.

Rev. G. R. Green was umpire, and he is still liked by the young men. The line-up:

Young men—H. Lewis, catcher; R. and E. Lewis, pitchers; H. Johnson, left field; G. Moore, right field; G. Craven, center field; D. Rhodes, shortstop; N. Moore, first base; A. Hunt, second base; R. and E. Lewis, third base.

Old men—M. Moore, catcher; Edwards and Green, pitchers; G. David, left field; B. McKee, right field; F. Buck, center field; Edwards and Green, shortstop; L. Casteel, first base; L. Murry, second base; E. Martin, third base.

Score by innings:
Old men.....132113001—12
Young men.....30302151—15

Sleep With Bare Skin.

"The physiological ideal of sleeping is with a bare skin," writes Dr. William Lee Howard in Munsey's Magazine. "The bed clothes offer a sufficient covering for comfort, and do not stick to the skin and thereby remain as a sodden garment. When rolling over in bed, nature's way of giving every portion of the skin's surface a chance to breathe, they do not roll with the body. In the ordinary night clothing, every time you turn you simply carry the covering with you, thereby depriving the skin of its full breathing opportunities. For the same reason you should never allow sodden underwear to remain next to the skin. Night clothes, in particular, should be loose and baggy."

Empire Theater to Open Saturday with "Billy," a Shubert Success

For the first time out of New York "Billy," the three-act farce which furnished Manhattan with much of its amusement during the past summer, when the play was housed at Daly's theater, will be seen at the Empire theater next Saturday evening, September 2.

This is the opening attraction for

the theatrical season of the Empire theater.

"Billy" is by George Cameron, and the tour is under the direction of the Messrs. Shubert. The plot centers about four false teeth which are worn by "Billy," a football hero, who takes passage aboard the steamship Florida. There he unexpectedly meets Beatrice Sloane, his sweetheart, and

while in the act of proposing to her he inadvertently loses his "tombstones." It takes three acts to straighten out the complications arising from the mishap. Finally the missing incisors are restored to their owner and Billy and Beatrice are brought together again. Frank G. King will be seen as Billy and Chic Perkins as Billy's sister, together with fifteen others.

GOOD LIVER REMEDY FREE

When you suffer from any form of indigestion it is always well to take something for the liver, as usually the trouble lies there. If you are bilious, have a bloated feeling after eating, if you belch, if your skin is yellowish, you may be sure it is liver trouble. What you need is something to stir up the liver, to arouse the gastric juices so that they will aid in the digestion of your food. A very good remedy for this, and one highly recommended by those who have used it, is Dr. Caldwell's Syrup Pepsin, which you can obtain at any drugstore at fifty cents or one dollar a bottle. But if you have any doubt about its merits, and would prefer to try it first, send your address to Dr. Caldwell and he will promptly send you a free sample bottle.

Thousands of people first learned

of this remarkable cure for stomach, liver and bowel troubles through a free sample. Mrs. Frank Lilly of Plainview, Ill., sent for one and it cured her and she is open in saying that she will never take pills or strong cathartics again, as Syrup Pepsin acts so mildly. Mr. W. L. Bryant, the Postmaster at Sardis, Tenn., says he will never be without it again. No sick person can afford to ignore a remedy so highly endorsed as this. It is good for all the family from infancy to old age, because it is mild, free from gripping and yet promptly effective. Furthermore, results are absolutely guaranteed or money will be refunded.

For the free sample address Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

GEIDEL DEFENSE IS OUTLINED

Accused Bellboy Says Broker Died of Hemorrhage.

STUFFED TOWEL IN HIS MOUTH

Went to Room to Collect Money Due Him—Aged Man Awakened While Boy Was Going Through Pockets, Became Excited and Collapsed.

New York, Aug. 29.—Counsel for Paul M. Geidel, the bellboy accused of the murder of William L. Jackson, a broker, at the Froquois hotel, opened the defense with three motions, the first of which was to compel the district attorney to state on which of the two counts of the indictment he rested the case. The first count, premeditated murder, was selected. The second charged murder in the commission of a felony. Two formal motions to strike from the record the alleged confession and to quash the indictment were overruled.

On suggestion of the defense the jury will inspect the scene of the crime, but not until the defense shall have rested its case.

In the opening address, counsel declared that Geidel visited Mr. Jackson's room to collect money alleged

Photo by American Press Association.

to be due him, that Mr. Jackson was in bed and that after the two had talked for some time Mr. Jackson went, or pretended to go, to sleep. Paul then went through the broker's pockets, counsel said, and Mr. Jackson, awakening, became greatly excited, called the bellboy a thief and fell unconscious from a hemorrhage. Paul, to protect himself against an outcry, then stuffed the towel into the broker's mouth and fled undetected. He confessed, counsel said, to protect two innocent associates, who, he thought, were charged with the crime.

Geidel took the stand after the examination of two minor witnesses. The boy said he was seventeen years of age. His father died when he was five, he continued, and at seven he was put in an orphanage, where he stayed two years. At fourteen he went to work in a drug store.

Later he got his experience as a bellboy. "I was discharged from that hotel about a year and a half ago," said Geidel, "for lying. I took a drink of whisky and lied to keep another boy out of it."

After this the defendant said he came to New York, joined the Young Men's Christian association and got work at the Hotel Froquois, where Jackson was staying.

PAUL BEATTIE TELLS ALL

Cousin Gives Sensational Testimony Which He Had Withheld Before.

Chesterfield, Va., Aug. 29.—Paul D. Beattie, cousin of Henry Clay Beattie, Jr., who stands indicted for the murder of his wife, testified that the accused had told him twenty-four hours after the murder how sorry he was he "had done it," a circumstance relating to the crime that the witness hitherto had suppressed.

Coming as dramatically and as unexpectedly as the pathetic hour before Mrs. R. V. Owen, mother of the dead woman, as to the domestic infelicity of her daughter, due to the husband's disease, the brief but thrilling testimony given by Paul Beattie created a profound sensation.

"I hated to testify against my own flesh and kin," he murmured, as the muscles of his throat pulsated, "but my wife, my child and the duty I owe to my city forced me to do so."

"Henry himself told me that he wanted me to stick to him, but I said to him: 'This looks mighty black to me and you've got me into a lot of trouble.' Henry told me: 'I wish to God I had not done it; I would not have done it for a million dollars, but she never loved me; she only married me for my money.'"

KORSHAK IS ARRAIGNED

Case of Alleged Head of Arson Trust Is Continued.

Chicago, Aug. 29.—David Korshak, alleged head of an arson ring which is said to have set fire to fifty buildings in Chicago during the last year, causing a property loss of \$1,000,000, was arraigned before Municipal Judge Dicker, charged with arson and conspiracy, and the case continued until Sept. 26.

Max Felschmidt, Israel Schaeffer and Ellis Dubenstein, charged with arson in connection with the alleged conspiracy, also were arraigned and their cases set for hearing Sept. 14.

The police are still searching for Benjamin F. Fink, said to be an official of the Northwestern Can company, and a former policeman, who are alleged to have been implicated in an incendiary fire, causing a loss of \$200,000.

Daniel Perry, a brother-in-law of Charles Bloom recently arrested in connection with a fire which destroyed his store in South State street, surrendered himself to the police.

Seven men have been arrested thus far on information given the police by David Korshak and others.

ADMIRAL TOGO SAILS FOR HOME

Japanese Naval Hero Pays Farewell Visit in Seattle.

Seattle, Aug. 29.—Admiral Count Togo sailed for Japan this morning. He arrived here from Vancouver, B. C., to pay his farewell visit in the United States. He was informally welcomed at the station by committees from the civic organizations and hurried with his party directly to a hotel.

The only opportunity the public had to see the Japanese naval hero was during his trip to the city hall to call on Mayor Dilling. The admiral's countrymen took advantage of the chance and the streets were lined with Seattle Japanese residents.

Admiral Togo lunched as the guest of the chamber of commerce and last night attended a banquet in his honor. Owing to his continued indisposition, the scheduled address to his countrymen was abandoned at the admiral's request. He did not wish to overtax his strength.

ASKS PRAYERS TO MOVE CZAR

World Baptist Alliance Head Calls for Week of Petitions.

MacArthur has issued a circular letter to Baptist clergymen and editors calling upon them to ask for the observance of a week of prayer, beginning Sunday, Sept. 10, for evangelistic work in Russia and Moravia. He says in part: "Let the churches observe the week as a time of special prayer that God may open the heart of the czar to permit the establishment of the proposed Baptist college in St. Petersburg, and that God may induce the czar to grant larger measures of civil and religious liberty to Jews and to all others in his vast empire."

PIANO PUBLICITY

By W. A. Lippman

Signed Advertisements

A new principle in advertising welcomed by all honest and careful advertisers is the signed advertisement.

You will quickly comprehend that a man will be more careful of his statements about his goods if his name is signed to the ad—will make no promises he cannot fulfill.

Printed Lie Lives Forever

The man who writes a lie into an AD and signs it might as well retire from business. A spoken lie is often forgotten—a printed lie lives forever.

You can read the signed AD with the same confidence that you would a personal letter—they are very similar—they carry the same sense of responsibility.

That sense of responsibility is what I want to impress upon your mind—as applied to the Field-Lippman store—and to these ADS.

Every Ad Signed

I shall sign every AD so that you will know that I am personally responsible for every statement made.

I am going to talk to my Maryville friends once a week—sometimes more frequently—about our new piano store—our pianos, player pianos, and talking machines, also our method of doing business.

Player Piano Talk

The first talk will be about player pianos—the marvelous 20th century invention that has released mankind from the necessity of spending a lifetime in the study of piano music.

Regarded in the beginning as a toy or fad, the modern player piano is now recognized as the most powerful single agency in the development of the musical taste of the American people.

Musical Education Unnecessary

I know it seems incredible to say that it is possible for any person without musical education to play with the finish and art of a trained pianist—yet

this is undoubtedly true—it happens daily.

I do not claim that any one can do this at once—but—from the beginning even the person without musical education can play acceptably—and with experience (not tiresome practice) will be able to render even the most classical compositions in a manner to compare with the professional pianist.

To elderly music lovers who have for any reason been deprived of a musical education, the modern player comes as an unexpected boon. It makes them independent of the caprices or whims of the family pianist, and places at their disposal the accumulated musical treasures of the ages.

It Plays Correctly

As an educator the modern player piano has no equal. It teaches the pupil how to play the composition CORRECTLY—it remains for him to supply the expression.

Gives to Music Your Expression

The expression you obtain from a piece represents your musical thoughts, and here is where the modern player piano shows to the greatest advantage—it does the mechanical work—the fingering, permitting the performer's entire attention to be given to expression.

Must be Regarded Seriously

I have endeavored in this short talk to impress upon you that the modern player piano is not a passing fancy, that it fills a long felt want in supplying music of the first class to people who cannot play by hand, that as an educator and creator of musical taste it is a distinct advance and that it must be regarded seriously as an important factor in musical circles.

My next paper will describe some constructional features of the modern player piano—that will prove both entertaining and instructive. Watch both papers next Friday.

Sincerely yours,

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

Colorado Springs, Colo., Aug. 29.—Lucy Lee Swope, niece of Colonel Thomas H. Swope, the murdered Kansas City millionaire, who has been spending some time in this city, eloped with W. B. She was stricken with typhoid soon after her arrival. The prosecution attempted to show that typhoid germs had been administered to her in a cup of water which Dr. Hyde gave her on the train.

SEVEN DIE IN SOUTHERN STORM

Tornado Causes Damage of \$1,000,000 at Charleston.

FEDERAL BUILDINGS IN RUINS.

Harbor Is Filled With Wreckage of Small Boats—Wind Reaches Velocity of Ninety-four Miles an Hour. Tide Rises Eight Feet.

Charleston, S. C., Aug. 29.—Seven persons known to be dead, many injured and property damage estimated at more than \$1,000,000 is the result of the storm which struck Charleston, isolating that city from the rest of the world.

Following are the dead: W. H. Smith, Columbia, drowned under falling wharf; Motorman Cutter, drowned; Ida Robinson, crushed by roof; Rosa Robinson, crushed by roof; Alonzo J. Coburn, engineer, killed by flying timber; Eva Myers, drowned; Tom Dooley, drowned.

In addition to the above, all the members of the Cassidy family, caretakers at the Wahoo phosphate works, are missing and are believed to have been drowned.

Wreckage Fills Harbor.

The harbor is filled with wreckage of small boats, schooners and launches, many piers are washed away and in the city the streets are strewn with fallen trees, roofs, fences and other debris.

Among the principal buildings damaged are the customs house, postoffice, St. Michael's church and the Wahoo fertilizer mills, which practically were ruined. The street car, electric, telephone and fire alarm systems are out of commission.

All trains are leaving the city from an old depot, the floors of the new station and the tracks being under water. At the height of the storm the wind reached a velocity of ninety-four miles an hour, while the tide rose eight feet at the Battery in front of the city.

Storm Passes Savannah.

Savannah, Ga., Aug. 29.—The storm which began along the south Atlantic coast spent its fury soon after day-break. Great damage was done within the city, but apparently little harm was done to shipping in Savannah harbor, ample warning of the storm's approach having been given ship masters by the weather bureau to make their vessels safe. The streets are filled with debris, consisting principally of uprooted trees. The cotton crop within a radius of fifty miles of Savannah undoubtedly has suffered severe damage.

SHOPMEN READY TO STRIKE

Recognition of Federation Will Be Insisted Upon.

Chicago, Aug. 29.—The expected conference between officials of the Illinois Central railroad and representatives of the federated shop employees, who threatened to strike unless their organization is recognized by the railroads was postponed until tomorrow.

Whether thousands of shopmen employed by the Illinois Central railroad will strike or remain at work will be forecasted, it is said, by the outcome of this conference.

The labor leaders say they will insist that the railroads recognize the recently organized federated body of shopmen, which includes every craft in the mechanical department.

The railroad officials have been dealing with the individual unions and do not desire to change this method of conference.
